

## Saba / St. Kitts Photography Class

Saturday January 16<sup>th</sup> - Saturday January 23<sup>rd</sup>, 2010

Travel and diving accommodations arranged by Blue Horizons

The Northeastern Caribbean itinerary, combining diving and optional island access, has always been unique within the liveboard diving industry. As a dedicated dive liveboard, all diving is done directly off of the vessel, using the expansive dive deck covering the aft third of the main deck. Each diver has his or her own dive gear bin; a large camera table, as well as rinse tanks, wetsuit drying racks, charging stations are available for all to use.

The vessel departs Saturday's from either St. Maarten or St. Kitts. Itineraries include 5 1/2 days of diving; 2 to 2 1/2 days within the Saba Marine Park, a day within the St. Eustatius Marine Park, and 2 to 2 1/2 days at St. Kitts. 5 dives daily are normally offered, including night dives. The schedule also provides for up to 3 island tours during the week, there is ample time for our guests to explore forts, rainforests, duty-free shops and museums. ([bluehorizons.net/futuretrips/saba-kits-2010.htm](http://bluehorizons.net/futuretrips/saba-kits-2010.htm))
